

Testimonial for Rafil

I am Jowin Pay from Pasir Ris Secondary School, and I am honoured to write this testimonial for my schoolmate and dear friend, Rafil Alam. We have been friends since Secondary 1, having spent countless hours in the same form class, and I have consistently been impressed by his character and capabilities.

Rafil is not just an exceptional student, he is a true leader. His curiosity is boundless, and he is not afraid to ask insightful questions when seeking deeper understanding. From a young age, he has nurtured a profound interest in programming that was ignited during his time in primary school, particularly through his involvement in the Media and IT club. This early exposure to technology laid the foundation for a passion that has only intensified over the years. Today, Rafil serves as the Chairperson of the IT Club at our school, a role in which he has thrived and really made a mark.

As Chairperson, Rafil takes on a significant responsibility, overseeing various programming projects and mentoring peers who may be less familiar with the intricate world of coding. His exceptional guidance has not only helped those around him grow but has also fostered a collaborative spirit within the club. I had the privilege of competing alongside Rafil in the Roboroarz 2025 competition, where his leadership and mentorship were pivotal. He navigated our team through challenges, demonstrating not only technical skills but also the ability to inspire and motivate us to reach our full potential.

Academically, Rafil has consistently performed admirably in his studies, achieving commendable results in both of his Weighted Assessments. His dedication to his education is reflected in his grades, which are a testament to his hard work. Beyond the classroom, Rafil is an autonomous learner, often diving into research on topics that pique his interest, continuously seeking to expand his knowledge and skills. However, what stands out most to me about Rafil is his humility. Despite all his accomplishments, he remains humble and doesn't feel the need to show off. Instead, he uses them to inspire and motivate us to do our best. His experience assures us that what he teaches is valuable. Having a friend like him is a breath of fresh air in a world filled with boasting.

In summary, Rafil embodies the qualities of a diligent student and a natural leader. His determination, dedication, and willingness to uplift others make him an invaluable asset to our school community and an even better friend. Thank you for considering this heartfelt appreciation of Rafil's many qualities. I hope it provides a clear picture of the remarkable person he is.

Yours Faithfully,

Jowin Pay
